OUR BUSINESS COMPANY PROFILE

Welcome to the home of excellence in the Pest Control, Fumigation and Cleaning Sector. Our main focus is customer satisfaction.

The high level of experience and commitment within the Van Reis Health and Hygiene CC team has given us a great market advantage. We offer a vast range of pest control methods, for every possible situation, with emphasis on tailored-solutions for each unique client.

ABOUT OUR COMPANY

We are a registered Close Corporate in Namibia that offers Pest Control, Disinfection, Cleaning and Associated Services. The company has enjoyed steady organic growth based upon quality and customer satisfaction.

At its present level, the company is well placed to ensure that all of the benefits associated with larger organizations are available, whilst remaining at a size which ensures that clients receive personal attention from senior management and directors

All pesticides and chemicals are SABS approved.

All equipment on site is regularly checked and fully tested for electrical safety on a six monthly basis. We use environmentally friendly materials that all our employees have been trained to use.

The Pest Control Division handles the Identification, Treatment & Elimination of pests i.e. mostly cockroaches, rats/mice, mosquitoes, bats, ants, termites, flies, geckos, bedbugs, spiders etc through chemical contact spraying, fumigation, perimeter treatments, baiting or fogging.

Total Quality Management Systems (TQMS) Compliant

Safety, Health and Environmental (SHE) policies compliant

MAKING A DIFFERENCE ACROSS NAMIBIA

Quality for us means going beyond the client expectations. The current platform has allowed us to dominate sectors of sanitation and cleaning. We are building a strong structure and reliable team that will enable us to grow. The greater plan is being able to offer pest control and fumigation services, cleaning services, dry cleaning, sanitizing and disinfection to the rest of Namibia as well as expand operations to venture to Botswana, Zambia and South Africa.
